Building Maintenance

COMPANY PROFILE · 2026

Maintenance, renovation and construction *for buildings in daily use*

almashadbuildmaint@gmail.com · +971 50 920 7186

Well-kept buildings don’t happen by accident.

Al Mashad Al Thahabi Building Maintenance L.L.C. is a UAE company that looks after buildings and builds the small things they need. Since 2024 we have worked in hotels, schools, nurseries, property portfolios and private villas and apartments, from a leaking roof to a new storage block.

We are a maintenance company first. Our daily work is repairs, waterproofing, plumbing, painting and renovation. We also take on small-scale construction: a new room, a block, a structure that has to go up properly. For a client, that means one team to call instead of five.

We plan work around how a building is used: guests in a hotel, children in a school, a family in a home. The aim is a finished job that is tidy, on schedule and built to last.

One team for maintenance and small construction.

2024

Established

14+

Client sites across hotels, schools and real estate

Sectors: hospitality, education, real estate, private homes

What we do *every day*

Maintenance is the core of the business. Alongside it we handle renovation and compact construction so a single contractor can see a job through.

01 **Building maintenance**

Scheduled and on-call upkeep for villas, apartments, hotels, schools and offices.

02 **Renovation & refurbishment**

Partial or full renovation, from a single room to an entire villa.

03 **Small-scale construction**

New rooms, storage blocks, partitions and other compact structures.

04 **Waterproofing**

Roofs, terraces, bathrooms and wet areas sealed and protected.

05 **Plumbing & electrical**

Repairs, replacements and installation of building services.

06 **Painting & finishing**

Interior and exterior painting, plaster and finishing works.

07 **Demolition & civil works**

Controlled removal and masonry work ahead of renovation.

08 **Landscaping & external**

Gardens, interlock paving and outdoor areas.

And so much more...

Who we work with

Hotels, school groups, a real-estate company and private homeowners trust us with their properties.

HOSPITALITY

Al Dhia School

SHARJAH

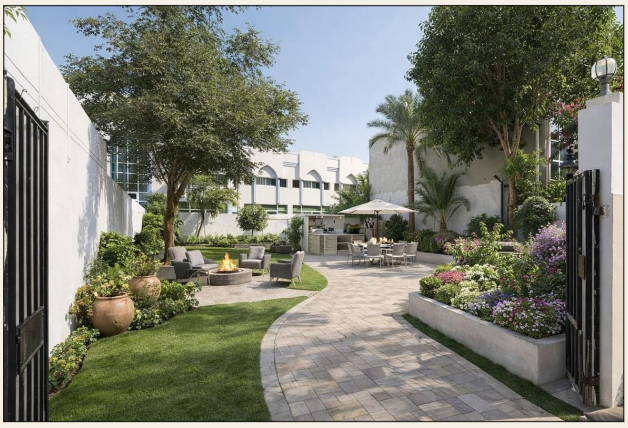

Schools, nurseries and kindergartens are a large part of our client base. Their buildings are in daily use, so we plan work around the school day.

Homes and gardens

Private villa

RESIDENTIAL

Garden and outdoor area

LANDSCAPING · INTERLOCK PAVING

Private clients ask us for painting, full renovation, waterproofing and landscaping.

From the front gate to the back garden.

Four steps, no surprises

01

Site visit

We inspect the property, listen to what the client needs and note exactly what we see.

02

Written quotation

A clear scope of work and price, with payments tied to progress on site.

03

Planned execution

Work is phased and scheduled so the building stays usable wherever possible.

04

Handover

Final walk-through, remaining items closed out and the site left clean.
